Index to 1978 articles

By issue . . .

JANUARY

45 Welding Gets Set for the Coal Mining Boom
49 Mining the Thinner Seams
50 Mining Equipment Lasts Longer with Hardfacing
52 Facts About Air-Carbon Arc Metal Removal
55 W.E. Data Sheet No. 449 — Arc-Carbon Arc Gouging
57 Studwelding: New Horizons for Designers
62 How to Make Better Laser Welds
66 How to Use CO_2 Lasers
68 Calendar of Important Events in 1978

FEBRUARY

63 Cutting Equipment Keeps Pace With Materials
67 Optical or Numerical Control: Which One?
70 Controls: Accurate, Productive, and Flexible
75 W.E. Data Sheet No. 450 — Preheating for Cutting
76 A Specialized Service Center Stays Ahead
78 What You Should Know About Submerged Arc Fluxes
79 Submerged Arc Fluxes for Low-Carbon Steels
82 Submerged Arc Fluxes for Low-Alloy Steels
83 Buyers Guide to Submerged Arc Welding Fluxes
86 Ultrasonic Testing: Flaw Detection vs. Evaluation
90 Larkspur Terminal Trusswork Dresses Up Frisco Bay

MARCH

95 Inspecting Pressure Vessels for Nuclear Systems
98 Plasma Arc Cutting with Water Injection
102 Radiation and Arc Welding: New Safety Data
106 Figure the Way to Cutting Economy
108 Oak Ridge Branches Out
115 Stripmining the Athabascan Tar Sands
118 Making Paint Last on Welds
122 Welding Aluminum for Vehicles
128 Keep Grinding Costs in Line
134 Codes Show the Way to Better Welds
135 W.E. Data Sheet No. 451 — Welder Qualification
141 AWS Convention and Welding Show

APRIL

53 LNG Stores in a Tank Within a Tank
57 The SPFA Gets Down to Business
59 Brazing? We Can Do It Your Way
63 The Basics of Copper Brazing
66 Do You Need a Brazing Consultant?
69 W.E. Data Sheet No. 452 — Brazing Fluxes
70 Hardsurfacing with Versatile Metal Powders
72 Crayons, Paints, and Pellets Tell Temperatures
74 Studwelding: New Horizons for Designers

MAY

53 LNG Comes to America — Huge Tanks Take to Sea
58 Three Tankers Carry Algerian Gas
60 What's New in Shipyard Welding
62 Making Big Tankers Out of Small
66 Designing Weldments for Fatigue Resistance
71 W.E. Data Sheet No. 453 — Fatigue Stresses
72 Diffusion Welding Comes of Age
78 Spotwelds Make Sound HSLA Steel Parts for Autos
82 Weld-Repairing the Tool Steels
86 Welded Filters Take Special Skills

JUNE

69 Alloy Centers Step Up Services
74 Weldability: What It Means to Fabricators
82 Welding Austenitic Stainless Steels
87 W. E. Data Sheet No. 454 — Schaeffler Diagram
88 Predict Impact Energy From Stainless Composition
92 One Power Source Serves Many Welding Machines
98 What's Happening with Welding Curtains?

JULY

59 What to Look for in Press Brakes and Shears
62 Improving the Quality of Formed and Cut Parts
65 W.E. Data Sheet 455 — Shearing and Bending
66 The Art of Roll Forming Cylindrical Shapes
70 Getting the Wire to the Joint
76 Pushbutton Welding Saves Tooling Change
80 1977 — A Year of Surprises for Welding
84 Welding Saves Stone Crusher
86 What Designers Should Know About Welded Structures

AUGUST

51 Hardfacing Helps New Equipment Last Longer
53 Choose the Right Surfacing Method
56 Hardfaced Oil Field Drilling Tools Give Extra Service
60 Controlling Fumes and Gases in the Shop
61 W.E. Data Sheet No. 456 — Welding Fumes and Gases
66 What's in a Welding Cable?
70 Adaptive Controls Automate Resistance Welding
74 Ultrasonic Welding Helps Lighten Aircraft
78 Building Heat Exchangers for Power Plants
82 Doused Arc Cutting Is Pollution Free
84 Pipewelding — How Much Automation?
86 Shrimp Boats Are Coming — Upside Down

SEPTEMBER

73 Testing Engineers Meet in Denver
74 Robert H. Zong: ASNT's New President
76 NDT Show Library
78 Welded Air Conditioners Use Sun Power
84 How to Resistance-Weld Galvanized Steel
89 W.E. Data Sheet No. 457 — Galvanized Sheet Steel
90 Get a Grip on Fabricating Costs
94 Electrogas Welding — Applications and Progress
98 Welding Keeps Airplanes Flying
102 Making Tank Heads in the Round
106 Smart Welders Look Out for Fire Hazards
110 Tank Cars Take a Lot of NDT
112 SAW Fluxes for Nickel Alloys

OCTOBER

63 Gases for Shielded Metal Arc Welding
70 W.E. Data Sheet No. 458 — Shielding Gases
73 Microplasma Welding — New and Useful
76 Welding Education in the United States

MONTH: Page number

Air-carbon arc gouging **1**:52-6
Aircraft, Aerospace **5**:72-76 **8**:74-6
Aluminum **1**:60-1 **2**:64 **3**:122-6 **4**:76-8 **5**:53-7 **6**:79-80 **10**:69-71 **12**:48-55,69
Arc radiation **3**:102-3
Automation **7**:76-8 **8**:84-5
Automotive welding **3**:122-6 **7**:76-8 **12**:56-7

Backgouging **1**:54
Bending **7**:65-8 **9**:82
Blast cleaning **3**:118-20
Brazing **4**:59-69 **9**:81

Cable, welding **8**:66-9
Castings **7**:84-5 **12**:64-9
Cast iron **12**:66
Clamps, grounding **8**:68-9
Conduits, welding wire **10**:92-3
Connectors, cable **8**:66-8
Copper **12**:69
Costs, welding **3**:106-7 **11**:78-86
Cryogenic applications **5**:53-7
Cutting, flame and plasma **2**:63-74,76-7 **3**:98-101,106-7 **8**:82-3 **9**:103-4

Defects, weld **10**:88-9
Deformation **7**:63
Design **5**:66-70 **10**:86-7
Diffusion welding **5**:72-6

Electrogas welding **9**:94-7
Electron beam welding **9**:100
Electronics industry **11**:90-1

Fabricating **7**:65
Fabricating equipment **7**:59-62 **9**:78-9
Fatigue strength **5**:66-70
Feed water heaters **8**:78-80
Filters **5**:86-7
Fire protection **9**:106-7
Flame spraying **8**:58-9
Flux-cored arc welding **11**:72,78-86
Fumes and gases, welding **7**:81-2 **8**:60-5 **11**:61-6

Gage numbers, conversion factors **11**:100
Galvanized steel sheet **9**:87
Gas metal arc welding **3**:125-6 **7**:76-8 **10**:67,70 **11**:78-86,97-8
Gas tungsten arc welding **3**:125 **9**:78-82,98-100 **10**:66-7,70 **11**:69-70
Grinding wheels **3**:128-32

Hardfacing **1**:50-1
Heat exchangers **8**:78-80

Jigs and fixtures **9**:90-3
Joint design **1**:63-5
Joint preparation **1**:53

Lamellar tearing **10**:87
Laser beam welding **1**:63-7

Magnetic particle inspection **10**:94-5
Market statistics **7**:80-2
Meetings calendar **1**:68-9
Mining industry **1**:45-9 **3**:115-7 **7**:84-5
Multioperator welding **6**:92-5 **11**:71

Nickel alloys **10**:112-3
Nondestructive testing **3**:95-7 **8**:76 **9**:73-7 **12**:69
Nuclear welding **9**:102-4

Painting **3**:118-20
Pipewelding **1**:56 **8**:84-5 **9**:93
Plasma arc welding **10**:73-5 **11**:70-1
Plasma arc surfacing **4**:70-1 **8**:58-9 **9**:100
Plastics, welding **12**:60-1
Power industry **3**:108-10
Power supplies **1**:53,56 **4**:74-5 **11**:67-72
Projection welding **9**:89
Press brakes **7**:62-4

Qualification **3**:134-7
Quality control **10**:86-9 **12**:59-60

Radiography **9**:110-1
Refractory metals **10**:69
Resistance welding **3**:122-5 **5**:78-81 **8**:70-2 **9**:84-9 **10**:82-5 **11**:47-9 **12**:56-60,62
